To whom it may concern,

Please accept this letter as a reference for SoftHouse web-development services. We hired SoftHouse in August 2021 to begin a project on a recruitment portal with a complicated backend software implementation. I am pleased to acknowledge that SoftHouse's team definitely acceded our expectations and delivered a highly challenging project on budget and on time. We highly recommend their services to anyone who may be interested in hiring their team to produce your digital vision. SoftHouse team is professional, highly skilled and capable of delivering excellent results.
